# **Youth & Trauma: Key Concepts in Understanding and Working with Traumatized Youth**

**Friday, August 10, 2018**

**Instructor: Mandy Hansen, LMHP, LPC**

This course will help professionals who serve adolescents to understand the prevalence of childhood trauma and its developmental impact, as well as develop key qualities and non-clinical strategies for working effectively with traumatized youth. The strategies taught in this course have been specifically designed for use in a variety of juvenile justice settings, including detention centers, shelters, and non-traditional educational settings.

### **OBJECTIVES**

At the end of this training, participants will:

- Understand the prevalence of childhood trauma and how it impacts child development
- Identify the ways trauma may manifest behaviorally, socially, emotionally, and cognitively
- Develop several effective strategies and interventions for working with traumatized youth regardless of setting or clinical training

### **About the Instructor:**

Mandy Hansen is an LMHP with LPC certification. She is currently working as a lead therapist at Heartland Family Service in Omaha. Mandy has been working with at-risk youth in a clinical setting for 5 years and 8 years in non-clinical settings. She previously facilitated "Think Trauma: A Training for Staff in Juvenile Justice Residential Settings" by National Child Traumatic Stress Network for Sarpy County Juvenile Justice Center and currently provides monthly trainings for new Heartland Family Service employees.
