**The SCIP Program**

SCIP provides a systematic approach for schools and communities to respond to high-risk student behaviors. SCIP demonstrates to students that they are supported in seeking a healthy, productive lifestyle.

SCIP facilitates partnerships with schools and community agencies, identifying resources available to address problems related to mental health issues, student abuse of alcohol or other drugs, and other behavioral concerns.

Students are referred to the SCIP Team by teachers, parents, peers and other community members. The SCIP Team consists of school representatives trained to identify risk-factors, intervene and assist, connect with community agencies, and provide support for students and their families.

SCIP partners with community behavioral health agencies who provide the initial screening free of charge to students, removing one of the biggest barriers families encounter when accessing services.

This process helps students and families see that there is a caring, supportive attitude within the school and their community.

SCIP Intervention & Prevention Training isn't just for school SCIP Teams!

## We have extended this opportunity to:

- \* School personnel whose schools do not currently have SCIP
- \* Medical, Behavioral Health, and Treatment Professionals working with youth
- \* Parents and Community Members that are interested in learning more about current trends that impact today's youth

## CEU Availability:

- \* This training may be used to claim CEU's for LMHP's and Social Workers. CEU's will be offered for drug & alcohol counselors pending approval.
- \* Graduate Credit Hours may be available through Doane College—Lincoln. Information will be sent in your confirmation packet.
- \* School personnel may be able to use this training for staff development hours. Please check with your administration to see if this applies to you.

This training is partially funded by:  
Grant #2B08TI010034 under the SAMHSA Center for Substance Abuse Prevention and the Nebraska DHHS Division of Behavioral Health Region V System
